

myPower™ ALL *plus*

EXTERNAL LAPTOP BATTERY

MP3450 R2

Double your battery life!

myPower™ ALL Plus MP3450 R2 more than doubles the life of your laptop battery, and can simultaneously charge other small portable devices. This lightweight battery charges and powers laptops and virtually any portable device—anywhere, anytime—making it a versatile solution for the power needs of mobile products, on the road and at home.

Most portable devices are often in need of recharging after just 2 to 4 hours of use. With myPower ALL Plus, you can enjoy hours of extended time on laptops, portable routers, iPad, portable DVD players, digital cameras/camcorders, MP3 players, mobile phones, and other portable consumer electronic products.

Selecting the right voltage for your portable device is done quickly and easily. Because myPower ALL Plus automatically locks the selected voltage, and then resets the voltage to the lowest setting after a new device is connected, you will never overcharge your portable device.

myPower ALL Plus comes with nine adapter tips, including a Mini USB tip, for connection to most small portable devices.

myPower ALL Plus is modular, so you can add the optional extended battery (MP3450-10) to double the capacity, or extra myPower ALL batteries to significantly increase the battery capacity. The optional extended batteries and adapter tips are available at the Tekkeon Store at www.tekkeon.com.

Power your laptop and more...

- Laptops
- Portable routers
- Portable DVD players
- Digital cameras
- Digital Camcorders
- Portable music and media players
- PDAs
- Mobile phones
- iPhone/iPod/iPad

Optional extended battery (MP3450-10) available to double the capacity, or multiple myPower ALL Plus batteries can be connected to significantly extend the capacity.

POWER ON THE GO

DEVICE	EXTRA POWER	WITH EXTRA BATTERY*
Laptops	3.5 hours	7 hours
Portable DVD players	6 hours	12 hours
Digital cameras	4800 photos	9600 photos
Camcorders	12 hours	24 hours
Portable media players	12 hrs of video 30 hrs of audio	24 hrs of video 60 hrs of audio
MP3 players	42 hours	84 hours
iPad	17 hours	34 hours
Mobile phones	60 hours of talk time	120 hours of talk time

*With MP3450 R2 and MP3450-10 combo.

Hours shown are approximate, and will vary depending on connected device.

MP3450 R2 will power and charge virtually all laptops for which an adapter is available, and that draw up to 64W output power from the device power adapter.

Each battery contains 4 grams of lithium, which is less than the FAA maximum of 8 grams for carry-on luggage.
