

TekCharge™

MOBILE POWER & BATTERY CHARGER

MP1550

TekCharge MP1550 takes advantage of AA batteries to provide emergency power to popular mobile phones, plus many more small portable devices! Because TekCharge uses alkaline or rechargeable AA batteries, you'll never be without power again—even on the road. And TekCharge doubles as a battery charger for your rechargeable AA batteries.

TekCharge charges and powers portable device—anywhere, anytime—making it a versatile solution for the power needs of most of your mobile products, on the road, and at home. Most portable devices are often in need of recharging after a few hours of use. With TekCharge, you can enjoy hours of extended play time on your mobile phones, smart phones, PDAs, digital cameras, iPhone, iPod, Zune® and MP3 players, portable CD players, Bluetooth headsets, and other small portable electronic products.
